Exports of tobacco are not classified by State of origin of the product.

(c) The prices of tobacco prevailing in the international and domestic markets are as such not comparable on account of different varieties traded, variations in quality, additional expenditure incurred in grading and packaging for exports, domestic processing conditions and terms of trade.

(d) and (e) Some of the steps taken by Tobacco Board to enhance production productivity and quality of tobacco as an incentive to enhance exports are:—

(i) Supply of seeds/seedlings of high yielding and disease resistant varieties of FCV/Burley tobacco;
(ii) pest and disease control through fumigation of nurseries;
(iii) Encouraging use of sprinkler irrigation system;
(iv) Improving curing and storing facilities;
(v) Arranging supply of inputs such as coal (for curing), fertilisers, and suckerides, and
(vi) training and exposure of farmers to latest research findings.
